

SHUBHAM RATHOD

ASPIRING SOFTWARE DEVELOPER

PROFILE

I am a passionate software engineer with a deep enthusiasm for technology. I firmly believe that well-organized and readable code not only improves collaboration within the development team but also enhances the maintainability of software in the long run. I am well-versed in agile development methodologies. I understands the importance of adaptability and collaboration in software development, and I actively promotes agile principles within my team.

PROJECTS

STUDY MATERIAL DOWNLOADING APP

Duration: 4 months

Role:

- JAVA Developer
- DBA

Description:

Study Material App meticulously crafted using Java technology for an unparalleled learning experience. This dynamic application seamlessly organizes and delivers a vast array of educational resources, enabling users to access textbooks, lecture notes, quizzes, and multimedia content effortlessly. With an intuitive user interface, the app ensures a smooth navigation experience, allowing students to focus on their studies without any distractions

BOOKMARKING APP

Duration: 4 months

Role:

- Flutter Developer
- DBA

Description:

Bookmark App developed using the Flutter framework, combining sleek design with cross-platform functionality. This user-friendly application allows you to effortlessly organize and manage your favorite web pages, articles, and resources with just a few taps. The Flutter framework ensures a seamless and responsive experience on both Android and iOS devices, delivering a consistent and visually appealing interface.
